

STOLLAQUID EC 4750

Product Code : 6926418147387

- **Excellent Flow, Leveling, Clarity & Glossy CED Clear for Hardware Industry.**
- **% Solid = 60 ± 2**

- **Superior Hardness and Chemical Resistance**
 - ⇒ Pencil hardness 2H - 4H
 - ⇒ Non Yellowing Clear with broader backing window Can be baked at 160 to 180°C.
 - ⇒ 500 hours salt spray (ASTMB 117) resistance
 - ⇒ Passes 3 Presperition cycle test performance even on brass
- **Excellent Outdoor Durability**
 - ⇒ Passes 1000 hours of weather -o- meter sunshine test
 - ⇒ Passes 1000 hours of Xenon test -150
- **Very High Bath Stability**
 - ⇒ Extremely stable under controlled conditions No settling in the bath
 - ⇒ Very stable even at higher temperature
- **Easy Plant Operations and Maintenance**
 - ⇒ Easy bath preparation methods.
 - ⇒ Simple plant operations
 - ⇒ Minimum filter chocking frequency
 - ⇒ Minimum ultra filtrate cleaning frequency
- **Lower Additives Requirement**
 - ⇒ Additives like rinse aid not required
 - ⇒ Lesser solvent additives required
- **Wide range of applications Used in the industries like**
 - ⇒ High end Hardware Industry , Door handles, Hinges Sanitary fittings, etc.
 - ⇒ Excellent plastic look film achieved at 15 Micron DFT.
